

### 22-yr-old killed in Gurgaon for marrying against family's wishes

Ishita Singh  
@imesgroup.com

**Gurgaon:** A 22-year-old woman was allegedly strangled to death by her parents and brother in her flat in Sector 06 and the body cremated in a Jhajjar village 30km away in what police describes as a case of "honour killing".

Police said Anjali's family was upset with her since she decided to marry a man from a different caste. Her husband, Sandeep, had gone to his sister's place in the city for a ritual when the trio allegedly murdered her. Anjali's father, Kuldeep, her mother Rinki and brother Kunal were arrested following a complaint by Sandeep.

Anjali had married Sandeep after years of courtship on December 19 last year. Her family was against the relationship, but the duo stuck to their decision of tying the knot.

While Anjali was from Jhajjar, Sandeep is a Brahmin. Both the families are originally from Surbati village in Jhajjar.

## Badrinath highway stretch caves in, sinks 3ft in 24 hrs

Gurgaon: [tw@imesgroup.com](mailto:tw@imesgroup.com)

**Dehradun:** Subsidence on a 70m stretch of Badrinath highway between Pursari and Mulliana, that started on Thursday morning, increased significantly on Friday. Local residents said that in the past 24 hours, parts of the road had sunk by as much as 3ft.

Subsidence on Badrinath highway between Pursari and Malkhan

As reported by TOI earlier, the affected stretch is around 50km away from Joshimath, which is facing substantial subsidence. Traffic continued to move on the right side (left side) of the road on Friday, even as National Highways and Infrastructure Development Corporation Limited (NHIDCL) personnel started repair work on the damaged part. Shalendra Kumar, DGM, NHIDCL, told TOI, "This spot on the highway has a history of subsidence. As part of the treatment work, a retaining wall was made beneath the road on the

valley side five years ago. That wall seems to have weakened due to a rise in the water level of Aikhnanda river this rainy season, causing the present sinking of the highway."

He added that traffic is being allowed to move through "a stable part of the highway" but if the situation worsens, NHIDCL will write to the administration to close the highway for traffic movement. Traffic inspector of Charnoli, Praveen Alok, added, "We will review the situation and if found dangerous, traffic would be diverted through an alternate route — Charnoli Bypassing by-pass road."

Ati Sati of citizens' collective, Joshimath Bachao Sangarsh Samiti, that has been assisting for speedy rehabilitation of those affected by the subsidence in Joshimath, said a possible reason for cracks could be construction work undertaken for the Char Dham road project.

### Heavy rain, floods claim over 2k lives nationwide

Continued from P 1

Across the country, heavy rains have claimed 2,038 lives as of Thursday. Other states with high flood casualties include Gujarat (165), Madhya Pradesh (139), Karnataka and Maharashtra (both 107), Chhattisgarh (99) and Uttarakhand (75).

Punjab and Rajasthan have reported 59 and 52 deaths respectively.

According to a report by the disaster management department of the home ministry, four columns of Army's infantry brigade have been deployed in Kangra (Himachal Pradesh) besides 18 teams from the National Disaster Response Force (NDRF) for rescue operations.

There's, unsurprisingly, much more granular information in Himachal and Uttarakhand. All the 12 districts in Himachal have been affected by flash floods, landslides and cloudbursts. On Monday night, the Pongliam authority (Bhakra Basra Management Board) released 1.5 lakh cucces of water resulting in severe flooding in Indora and Fatehpur areas in Kangra district.

More than 2,000 people have been rescued and evacuated by IAF helicopters with the help of Army NDRF SDRF and local administration and shifted to relief camps.

## India, China hold talks on CBMs

**NEW DELHI:** India and China on Friday conducted two separate mid-level military talks to strengthen confidence-building measures along the frontier in eastern Ladakh, especially at the face-off sites of Depsang and Demchok as well as the buffer zones, to prevent any clashes between the rival troops deployed there.

The talks were held at Daulat Beg Oldie and Chushul, headed by Major Generals at both places from the two sides, which were at a level lower than the marathon dialogue held between the rival corps commanders (Lt Genes) on August 13-14.

The two sides discussed a whole host of CBMs to reduce the trust deficit and ease tensions between the two armies.

They ranged against each other with over 50,000 troops each and heavy weapons in the region for over three years now, the sources said.

The CBMs included not increasing troop levels along the Line of Actual Control and avoiding any abrupt violations by drones, defining the "limits" of patrolling and exchanging prior information about each other's patrols, strictly adhering to buffer zone protocols and maintaining the sanctity of the buffer zones where troop engagement has taken place, said the sources.

### CoBRA jawan shoots self

Rajpur: A jawan of CRPF's CoBRA unit ended his life using a service rifle in the insurgent region of insurgency-hit Bijapur district in Chhattisgarh on Friday. The jawan, Shahid Ahmed, was a resident of New Delhi and posted in CoBRA battalion.

Police said Ahmed shot himself with his AR-17 inside the barracks of CRPF's CoBRA camp in Mokur, Bijapur. Ahmed was rushed to a hospital, where he succumbed during treatment.

### Pregnant woman carried across gorge in chair

Dehradun: After landslides and heavy rain wreaked havoc in Channai, locals of Ben village in Deval area lost access to the only motorable road they had. So when Kiran Devi, 29, began getting labour pains, a group of men placed her on a plastic chair, hoisted her up on their shoulders and

carried her over gorges and mountain-sized debris to a primary health centre.

Though it was all worth it in the end — Kiran delivered a ruddy baby boy late Thursday night — a video of the journey has shocked viewers at the nature and magnitude of the devastation caused.

"The Deval primary health centre is almost 30km from our village but the heavy downpour over the last two days left us without road. Over 3km of stretch has now become almost impossible to traverse. The men carrying Kiran had to cross a deep gorge with their legs, while she was balanced themselves and their load on pipes and tree trunks placed between two points. What choice do we have?" said Khalid Singh, a local resident.
